

SPETSES' ISLAND,
Property for Sale, € 10.000.000

An historic stone residence, built in 1874 by Italian & Spanish architects. This is the place where King George A' of Greece used to hold national security meetings.

**600 m² of living space | 1.100 m² of land | 2 stores | 15 m. high | 9 m. ceiling height |
Space for a swimming pool | Possibility to built additional 100 m² – as per the existing permit**

Open and airy ground floor. The huge salon on the first floor, is the residence's main room and is surrounded by 12 large windows, that allow beautiful views and year-round ventilation. The private inside courtyard is artistically paved with pebble mosaics, an earliest type of eastern Mediterranean art, in which natural pebbles are arranged to form decorative, pictorial patterns.
